The following cases were dismissed with the concurrence of the Chair:

(Unions and Candidates)

State Senator Paul Shinn	Case #00-952
State Representative Johnny Lovick	Case #00-949
State Representative Patricia Patterson	Case #00-950
State Representative W. Phillips Rockefeller	Case #00-954
The Services Employees Council	Case #00-925
District 1199 NW SEIU PAC	Case #00-926
Investigator: Nick Hawkinson	

Date Received: May 5, 2000

Date Started: May 5, 2000

Section of Law: RCW 42.17.640 and .660

Status: Investigation Complete

Summary: A complaint was received from Jami Lund of the Evergreen Freedom Foundation alleging that the Service Employees Council and District 1199 NW SEIU PAC (District 1199 Northwest Service Employees International Union Political Action Committee) violated RCW 42.17.640 by making contributions over the allowable limit to the primary election campaigns of State Senator Paul Shinn and State Representatives Johnny Lovick, Patricia Patterson, W. Phillips Rockefeller during the 1998 election and that the recipients of these contributions violated RCW 42.17.640 by accepting contributions that exceeded the allowable contributions limits.

Disposition: Dismissed with the concurrence of the Chair. We found that under the terms of RCW 42.17.660 and WAC 390-16-309, the Service Employees Council and District 1199 NW SEIU PAC were not affiliated for the purpose of contribution limits for the 1998 primary and general elections. In addition, no evidence was found that the Service Employees Council established, financed, maintained or controlled 1199 NW SEIU or its PAC according to the factors in WAC 390-16-309(3). As such, in the 1998 primary and general elections, the Service Employees Council did not share a contribution limit with District 1199 NW SEIU and its PAC. And, since neither the Council nor the District PAC exceeded its respective contribution limit, neither violated RCW 42.17.640. Since the Service Employees Council and 1199 NW SEIU PAC did not exceed the

contribution limits of RCW 42.17.640, the recipients of these contributions did not violate RCW 42.17.640 by accepting the contributions.

Investigator: Nick Hawkinson

Date Received: May 5, 2000

Date Started: May 5, 2000

Section of Law: RCW 42.17.640 and .660

Status: Investigation Complete

Summary: A complaint was received from Jami Lund of the Evergreen Freedom Foundation alleging that the 22 entities listed above violated RCW 42.17.640 by making contributions over the allowable limit to the primary election campaign of State Representative J. Michael Cooper during the 1998 election. In addition, Mr. Lund alleged that the Washington State Council of Firefighters (WSCFF) and its local units listed above shared a single contribution limit of \$575 for the 1998 election cycle for State Representative J. Michael Cooper, and that these local units exceeded this limit for the 1998 election cycle.

Disposition: Dismissed with the concurrence of the Chair. Under WAC 390-16-309(1) the WSCFF and its local units listed above are treated as a single person and share a contribution limit under RCW 42.17.640 because the WSCFF is the state body of the International Association of Firefighters and the local units listed above are the local units of the WSCFF. However, WAC 390-16-311 clarifies the circumstances under which entities automatically affiliated pursuant to WAC 390-16-309(1), such as the WSCFF and its local units listed above, may maintain separate contribution limits to a state office candidate when the parent or umbrella organization does not participate in that candidate's campaign. In addition, RCW 42.17.640 allows for separate contribution limits for the primary and general elections.

We found no evidence that the WSCFF participated in the primary election of Representative Cooper as detailed in WAC 390-16-311. Therefore, the WSCFF and its local units listed above did not share a contribution limit during the 1998 primary election. We found that none of the local units individually exceeded the primary election contribution limit of \$575 by contributing to Representative Cooper. Thus, there were no violations of RCW 42.17.640 by the local units or Representative Cooper.

Sammamish Plateau Water and Sewer District--Case #00-259; Investigator: Lori Anderson

Date Received: November 17, 1999

Date Started: November 23, 1999

Section of Law: RCW 42.17.510, .530, and .130

Status: Investigation Complete

Summary: A complaint was received from Skip Greene alleging that officials of the Sammamish Plateau Water and Sewer District used public facilities to assist the campaign of Tom Harman.

Disposition: Dismissed with the concurrence of the Chair. The complainant alleged that Tom Harman was allowed to use maps owned by the District while campaigning and that he was given District publications prior to their being made available to the general public. It was alleged that Tom Harman used a District owned map while giving a campaign speech at a Chamber of Commerce meeting on October 21, 1999. It was found that the incident complained of was the second of two candidate forums. The map in question was available for both the complainant and Mr. Harman to use at the first forum held at the Beaver Lake Community Club. The map was again available for both the complainant and Mr. Harman to use at the second forum held during the chamber meeting. The

complainant's unexpected absence from the second forum does not make the map's availability preferential to Mr. Harman. There is no evidence that any SPWSD elected official or employee preferentially authorized Harman's use of the map.

Mr. Harman did use the District's *1999 Water Quality Report* in a campaign brochure. He was not, however, given the report by any District employees or officials before it was available to the general public. Mr. Harman went to the District office on October 13, 1999 and found a stack of the annual reports lying on a table in a public area. Although Mr. Harman recognized specific District employees in his campaign brochure, they played no role in his receiving or using the water quality report. Mr. Harman named those individuals to recognize them as the authors of the report. After the complaint was filed, the named employees wrote a memo to the District Commissioners stating that they did not assist Mr. Harman in producing his campaign brochure. There is no evidence that any employees or officials of the District assisted Mr. Harman's campaign for election as District commissioner.

Chehalis School District No. 302 - Case #01-036; Investigator: Nick Hawkinson

Date Received: September 25, 2000

Date Started: September 28, 2000

Section of Law: RCW 42.17.130

Status: Investigation Complete

Summary: A complaint was received from George F. Wolcott, alleging that an employee of the Chehalis School District (a school principal) used public facilities to assist a candidate's campaign by stating or implying in a political ad aired on the radio that the school district supported Slade Gorton.

Disposition: Dismissed with the concurrence of the Chair. It was found that Don Rash, a school principal in the Chehalis School District, was the speaker in the political advertisement. Mr. Rash met, off school property, during his summer vacation, with a radio interviewer hired by the Gorton campaign. Parts of the interview were later included in the radio ad produced by the Gorton campaign. A review of the text of the radio ad showed that Mr. Rash spoke as an individual and did not imply that the Chehalis School District supported Senator Gorton's campaign. Mr. Rash's comments did not constitute a use of public facilities of the Chehalis School District. Therefore, there was no violation of RCW 42.17.130.

Highline School District (Gregory Heights Elementary School) - Case #01-037;

Investigator: Nick Hawkinson

Date Received: September 25, 2000

Date Started: September 29, 2000

Section of Law: RCW 42.17.130

Status: Investigation Complete

Summary: A complaint was received from Joseph Coomer, alleging that officials of the Highline School District used the facilities of Gregory Heights Elementary School to promote a school district ballot proposition by placing a promotional message on its reader board just prior to the election.

Disposition: Dismissed with the concurrence of the Chair. The complainant alleged that the reader board at Gregory Heights Elementary School displayed the words "Vote Schools" in support of a District ballot proposition on the September 19, 2000 ballot. It was found that this message was displayed on the Gregory Heights reader board on September 18 and 19, 2000. The District's Public Information Officer sent an e-mail to each of the schools in advance of the election regarding the reader board message. The e-mail asked schools to post the message "*School Vote September 19.*" Michael Murphy, a first year principal at Gregory Heights, mistakenly reversed the wording on his school's reader board. It was found that Mr. Murphy's actions in this case did not rise to the level of an enforcement hearing. Mr. Murphy was cautioned to insure that the school's reader board contains only neutral messages if referring to future elections.

Cases Referred To Attorney General for Further Action

Cooney, Sadie Charlene--Case #99-053; Investigator: Charlie Schreck

Date Received: October 22, 1998

Date Started: October 23, 1998

Section of Law: RCW 42.17.130 and .680

Status: Investigation Complete

Summary: A complaint was received from Lynda Rouse, alleging that Sadie Charlene Cooney has used public facilities for campaign activities. The complainant alleged that for several years Ms. Cooney has directed employees to work on political campaigns using resources of the County Assessor's office. The complainant also alleged that Ms. Cooney has created a hostile work environment, and has discriminated against employees in violation of RCW 42.17.680. An enforcement hearing was held December 12, 2000.

Disposition: The Commission accepted a Stipulation of Facts and Violations and found actual violations of RCW 42.17.130 and 42.17.750. The parties agreed for

the purposes of determining whether the Commission would refer the matter to the Attorney General's Office that the written information and documentary evidence before the Commission as of December 12, 2000 could serve as the basis for the Commission finding that the Respondent committed apparent violations of RCW 42.17.130 and 42.17.680(2) for the matters in the Notice of Administrative Charges that had not been stipulated to by the parties. The parties also agreed that the facts and violations stipulated to are evidence of agreed-to actual violations of RCW 42.17.130 and RCW 42.17.750, and that those stipulated matters are also appropriate for referral to the Attorney General's Office. It was agreed that if the Attorney General's Office declines to file a complaint in Superior Court based upon the apparent and actual violations referenced in the referral or does not enter into a settlement for all the apparent and actual violations referenced in the referral, the case is to be returned to the Public Disclosure Commission for hearing under 42.17 RCW and Commission regulations. Based on the above information, the Commission referred the matter to the Attorney General's Office. The Commission found that a referral was appropriate because: (1) The maximum penalty that the Commission could impose statutorily was insufficient in light of the number of actual and apparent violations, and (2) The complexity of the issues and facts presented merits consideration by the Attorney General's Office and a superior court. The Commission also found that if no action is taken by the Attorney General's Office as described in the Order of Referral, the matter is to be returned to the Commission for hearing.

Concerned Citizens for Better Government (CCBG) and Joseph Coomer, Treasurer, CCBG--#00-241; Investigator: Kurt Young

Date Received: October 21, 1999

Date Started: October 25, 1999

Section of Law: RCW 42.17.080 and .090

Status: Investigation Complete

Summary: A complaint was received from Meg Van Wyk, alleging that Concerned Citizens for Better Government (CCBG) and Joseph Coomer, Treasurer, CCBG, distributed political advertising without properly reporting or filing the required campaign disclosure reports. An enforcement hearing was held February 27, 2001.

Disposition: The Commission found that the Respondent committed multiple apparent violations and referred the matter to the Attorney General's Office.

Washington Education Association—Case #01-002; Investigator: Lori Anderson

Date Received: August 15, 2000

Date Started: August 18, 2000

Section of Law: RCW 42.17.760

Status: Investigation Complete

Summary: A complaint was received from the Evergreen Freedom Foundation and public school employees alleging that the Washington Education Association (WEA) and Washington School Districts are in violation of RCW 42.17.680 and 42.17.760. The complaint alleges that Washington School Districts are in violation of RCW 42.17.680 by withholding dues and fees from employees' wages that are used by the WEA and the National Education Association (NEA) for contributions to political campaigns. The complaint also alleges that the WEA is violating RCW 42.17.760 by using agency shop fees for political contributions and expenditures without the affirmative authorization of non-members. The complaint was forwarded to the PDC by the Attorney General's Office following its receipt of the complaint from EFF. The complaint was filed with the Attorney General's Office and all County Prosecuting Attorneys requesting that an action be commenced in the courts to address the apparent violations of RCW 42.17. The complaint said that if an action was not commenced in court the complainant would seek appropriate legal and equitable relief pursuant to RCW 42.17. RCW 42.17.400(4) provides a 45-day time period before a complainant may take steps to initiate a citizen's action in superior court.

Disposition: The Commission accepted a Stipulation of Facts, Violations and Recommendations, found that the Respondent committed an apparent violation of RCW 42.17.760, stipulated to as actual violations, and referred the matter to the Attorney General's Office.

A brief enforcement hearing was held February 26, 2001.

Disposition: Pending. Mr. Pope was found in violation of RCW 42.17.080 and 42.17.090 and assessed a civil penalty of \$500 with \$335 suspended on the condition that he commit no further violations of RCW 42.17 for a period of four years. In a letter dated February 27, 2001, Mr. Pope noted a deficiency in the complaint filed against him by Bob Guenther. He asked that the complaint be dismissed based on lack of jurisdiction since WAC 390-37-040 requires that a complaint filed against a candidate or elected official be in writing and signed by the complainant under oath. On March 23, 2001, Commission Chair Ronda Cahill directed that enforcement of Case No. 01-035 be stayed. She also rescinded her oral finding of a violation of RCW 42.17.080 and 42.17.090 and rescinded her assessment of a civil penalty of \$500 with \$335 suspended. No order was issued as a result of the February 26, 2001 brief enforcement hearing. On April 10, 2001, Mr. Guenther was informed of the Commission action. He was informed of how to correct the deficiency in his complaint, and was given 30 days from April 10th to re-file his complaint. Mr. Guenther was told that if the complaint was not resubmitted in the proper format within 30 days, it would be dismissed.
